Dr. Jay is a dynamic speaker that the Lord is using to make an impact on the body of Christ throughout the United States. He is married to Linda, and together they minister from coast to coast on a variety of subjects in conferences, college campuses, seminars, churches, retreats, and youth events. His passion is to see Jesus Christ once again be the preeminent passion of the church.

“The young people of our day is one of our true passions. From the earliest years of our conversion we have worked with youth. Whether one on one, youth groups or conventions, they are worth it all! There are some clear things I have from the Lord concerning this generation. They are not the wrongs of this group, nor is it the things that should not be going on amongst this age.

It is the passion of our Lord in regards to His heart toward these young ones. Their destiny, their design and their drive is being birthed by the Spirit of God!”
